Subject: My thoughts are with you

Dear Oded, dear friend,

The terrorist attacks on Israel undoubtedly caused immense pain and anxiety for all of you there. I wish to express my full solidarity and empathy with the people of Israel. Above all, I hope that you and your families and friends are safe.

We are concerned about you and your teams: please convey my full support to them.

As always, Dassault Systèmes stands by you to assist you in any way necessary. Please feel free to contact Eli Boichis and team if you need any specific support or would like to discuss specific issues.
